TASTING NOTES

Heathcote Chocolate Gin delivers on the promise of pure indulgence. A delectable, full-bodied gin featuring chocolate, hazelnut and vanilla notes, with subdued undertones of sweet orange citrus and almond, delivering a smooth, lingering finish and divine gin experience.

Whilst thoroughly enjoyable with a good tonic or mixer, this one is also delicious over ice or used as an alternative to vodka in an Espresso Martini.

SERVING SUGGESTION

A must try neat (no ice). Also refreshing over ice, and as a delicious subtly sweeter-style G&T.

Add a shot (or two) over vanilla ice-cream with an espresso shot for a deliciously intense dessert treat.

GARNISH

Orange, mint, raspberries.
