TASTING NOTES

Signature is our interpretation of a region well worth visiting. With a collection of the finest botanicals, each bottle captures the perfect blend of flavor and aroma that encapsulates the spirit of a much loved, local land.

Aroma – Juniper forward notes deliver fresh pine needles on the nose. This is accompanied, lifted and balanced with the bright aromas of citrus from the sweet orange and Australian native lemon myrtle.

Palate – Juniper forward with crisp dry spice / woody notes of Cassia bark, with flavours coating the palate.

Finish – The spirit flavours bring crisp dry notes, balanced with oils to give a smooth and silky texture that delivers a long-lasting finish.

SERVING SUGGESTION

A must try neat (no ice). Also refreshing on the rocks with a dash of quality tonic. An ideal all-rounder for cocktails.

GARNISH

Orange, blood orange, lemon or lime.
